Design with performance

Perfect for a world dominated by collaboration, global integration, shared spaces and a work-anywhere mentality, FrameOne is more relevant than ever. FrameOne desk and bench offer unique and elegant design without sacrificing performance.

Innovative tops by FENIX NTM developed with state-of-the-art technology provide surface solutions that are opaque, fingerprint resistant and soft to the touch. The distinctive FrameOne leg combined with Lux paints creates a striking statement in any work environment. With clean, simple lines and thoughtful design touches, FrameOne is a refined and refreshing solution, no matter what you ask of it.

Choice and control

FrameOne integrates seamlessly throughout the entire office ecosystem. Whether it’s an individual desk for focus work, a team bench that encourages information sharing or a collaborative meeting table, FrameOne fits. Workers are empowered with an elegant solution that caters to their individual work style throughout the office.

A variety of applications offer a palette of place for workers to choose from and provide areas for each work mode throughout the creative process. Individuals need time to process ideas alone while working on a group project and teams need spaces to share ideas, think through challenges and innovate. Diversity in space allows employees to unlock the power of collaboration and focus work.

Personalisation through customisation

Stylish design combined with a range of finishes, materials and sizes, FrameOne encourages personal expression through customisation. Residents and nomads can make the space their own with a range of organisational worktools and lighting options.

Wellbeing at the office

Workers want spaces that feel authentic and provide them with emotional, physical and cognitive wellbeing. The use of warm colours and natural materials welcome users and evoke a sense of home and relaxation, providing the perfect oasis for individual focus work.

Collaborate and share

Socialising ideas and rapid prototyping are essential parts of creativity. FrameOne bench integrated with media:scape® quickly shares information allowing smooth transitions so teams can connect and create.

Belong and connect

Team members collaborate often, yet also need their own space. FrameOne provides personal organisation and privacy, while also creating a team hub where information can be shared, questions answered and problems resolved quickly.

Get personal

Individual workers can tailor FrameOne benches and desks to their preferences with adjustable privacy screens, personal boundaries, flexible storage and an innovative collection of organisation tools, ergonomic flat screen arms and personal lighting.

1. DIVISIO FRAMELESS SCREEN
Creates a visual boundary between users without isolating them. It also frees up the worksurface as users can personalise the Divisio Accessory Rail with organisation tools and use the screen for display.

2. C:SCAPE SCREEN
Defines personal boundaries, provides visual privacy and display space. Available in fabric or glass.

3. INTEGRATED RAIL
Supports worktools, monitor arms and lighting to expand the workspace, reduce clutter and increase productivity.

4. STORAGE LEG
Keeps bags off the worksurface and out of the aisle, yet close at hand.

5. DASH™ LED TASK LIGHT
Delivers a well balanced distribution of light that virtually eliminates contrast and shadows. Users can adjust the lighting to their preferences with flexible controls.

6. ORGANISATION AND PRIVACY COMBINED
The 1+1 Functional Screen offers an integrated pocket for frequently used documents or books.

7. EASY PACKING AND UNPACKING
The 1+1 Mobile Caddy allows users to stow their work bag with in-line casters that make it easy to pull in and out.

8. KEEP DEVICES CHARGED AND RUNNING
The 1+1 Launch Pad gives users convenient access to charging mobile devices and other items.

9. SOFT EDGE
Significantly reduces unhealthy pressure on forearms and reduces shoulder and neck fatigue.

10. USER SLIDING TOP
Provides easy access to power.

11. INTEGRATED TOP ACCESS
Provides easy access to power and data, without cluttering the worksurface.

12. HINGED TOP ACCESS
Puts outlets within easy reach.

SUSTAINABILITY

DESIGNING FOR THE ENVIRONMENT REQUIRES INNOVATIVE THINKING AND SOLUTIONS.

LIFE CYCLE

During our product development process we consider each stage of the product life cycle, from materials extraction, production, transport, use and reuse, until the end of its life.

CERTIFICATIONS

To show continuous improvements, we communicate our products' environmental performance through voluntary environmental labels and declarations. Sustainability related actions and results are communicated in the annual Steelcase Corporate Responsibility report.

MATERIALS

23% recycled materials, by weight.

Wood from European sustainably managed forests.

Low formaldehyde emissions of wood based panels according to ISO 16000 (<20µg/m³).

The chemistry of our materials has been assessed throughout their lifecycle.

30% recycled cardboard and recycled LDPE film in packaging.

PRODUCT

EPD - Environmental Product Declaration (Targeted)
PEP - Product Environmental Profile (Targeted)
NF Environnement (Targeted)
NF Office Excellence Certifié (Targeted)
Blauer Engel RAL-UZ 38 (Targeted)
SCS Indoor Advantage™ Gold (Targeted)
Cradle to Cradle™ certified Bronze (Targeted)

PRODUCTION

Assembled in Rosenheim (Germany) by Steelcase.

Uses powder-coat paints: VOC-free and free of heavy metals.

MATERIALS

PEFC - Programme for the Endorsement of Forest Certification
E1 - Low concentration of formaldehyde in wood

TRANSPORT

Assembled in Europe, close to customers.

Flat packaging to keep transport volumes as low as possible and improve filling rates.

EPP edge protections are returned and directly reused or repaired if broken.

PLANTS

ISO 14001 - Environmental management system
EMAS - Eco-Management and Audit Scheme

USE

Designed for a long product life, with replaceable parts.

Limited substances harmful to health and indoor air quality.

Maintenance information available on steelcase.com.

FIND OUT MORE

Sustainability related actions and results are annually communicated in the Steelcase Corporate Sustainability Report. More environmental details available upon request.

END OF LIFE

99% theoretically recyclable by weight.

100% theoretically recyclable cardboard and LDPE film for packaging.

Plastic parts clearly labelled for easy sorting and effective recycling.

Designed to ensure responsible end of use strategies—refurbishing, charitable donation or recycling.
