Steekcase®

Steelcase Karman® Office Chairs

Sit back and let physics do its job.
With a proprietary performance textile and impossibly light frame, Steelcase Karman goes beyond leading mesh office & desk chairs to provide effortless comfort and ergonomic support.

Beyond Comfort. Beyond Mesh.

Steelcase Karman goes beyond leading mesh chairs with 21st century design that naturally responds to a body's movement, delivering industry-leading comfort, ergonomics and sustainability.

Unique Color Combinations

Go beyond black, white and gray to create styles from monochromatic modern, residential luxury or anything in-between. Steelcase Karman's industry-leading color range, with 14 proprietary Intermix colors and Lux finishes, make infinite aesthetic options possible.

Performance Features

Organic Movement

A weight-activated mechanism responds automatically to your body as you sit and change postures in every direction.

Patented Hybrid Seat

The supension seat with integrated cushioning provides maximum comfort for as long as you sit.

Comfort Edge

The ultra-light frame flexes to eliminate hard edges and pressure points on your legs and body.

Comfort Dial

Supports four recline positions, letting you dial in the right level of resistance against your back as you recline.

4D Arm

Fully adjustable armrests raise up and down, pivot in and out and shift in all directions, letting your arms and shoulders fall into place.

Liveback

Liveback Technology balances body weight, supporting your back and spine while providing respsonsive comfort and fit.

Lumbar Support

Optional lumbar supports lets you customize the support for your lumbar region.

Intermix

Intermix was co-developed through an exclusive weaving process that incorporates yarns and filaments into the weave. In unison with the Steelcase Karman flexible frame, Intermix achieves perfect tension that distributes your weight evenly over the seat and back, flexing to your movement and fitting the contours of your body perfectly.
